

**You may find some of these in pet foods as well but avoid these if possible.
The ones with asterisk next to them definitely avoid.**

*BHA	Gum resin
*BHT	*Soybean protein isolate
*Ethoxyquin	Potato Flour
*Maltodextrin (corn based)	Potato Starch
*Soy	Methylparaben
Silicon dioxide (some concerns with particle size)	Propylparaben
Magnesium Stearate	*Sodium benzoate
Starch	*Nutmeg
Yeast	Beet Syrup
baker's yeast (<i>Saccharomyces cerevisiae</i>)	*Corn Syrup
*Artificial flavors	*Hydrolyzed Vegetable Protein
Lactose	*Rice Powder
*Dextrose	*TBHQ (Tertiary butyl hydroquinine)
Dicalcium phosphate	Brown Rice Syrup
Gelatin (corn carrier)	Rosemary Extract
Gelatin By-products	*Bacon flavor
Salt	Microcrystalline cellulose
*Sugar	Hydroxypropyl Cellulose (propylene glycol ether of cellulose)
Phosphoric acid	Ascorbyl palmitate
Black malt extract	*Stearic acid
*Sorbic acid (a preservative)	Brewers dried yeast
Potassium Sorbate (preservative)	*Caramel Color
Propionic Acid (preservative)	*FD&C Red #40 (all food colors avoid)
*Carrageenan	Potassium Sorbate
Polyethylene Oxide	Propionic Acid
Titanium Dioxide	Xanthan Gum
Lignosulfonate	Calcium Stearate
*MSG	*Corn Starch or Starch
Magnesium silicate	*Sorbitol
*Benzoic Acid	*Sodium Bisulfate
*Citric Acid (corn based)	Fish Meal
*Poultry Meal	Flaxseed Meal
*Lecithin (soy)	*Animal Liver Meal
Wheat Grain	Sunflower Lecithin
Wheat Middlings	*Canola oil
Wheat Protein Isolate	*Safflower Oil
Natural Poultry Flavor	*Vegetable Shortening
Natural imitation roast chicken flavor	*Corn Oil
Beef Flavor	*Soybean Oil
*Menadione Sodium Bisulfite Complex	*Polyethylene glycol (PEG)
*Vegetable oil	*Propylene glycol
	*Sucralose
